201. To Receive Chairman's Remarks and Apologies for Absence

Apologies for absence were received from Cllr. R J Crowther.

The Chairman welcomed HM Lord-Lieutenant Andrew Coombe to the meeting who had requested an invitation in order to meet and be introduced to Town Councillors.

AC thanked the Chairman for the invitation informing that he wished to get an overview of the area, speak with members and find out what was happening, what issues were being faced. The role of Lord-Lieutenant was as Her Majesty's personal representative, maintaining the dignity of the Crown at all times, was non-political and covered the whole of South Yorkshire, being 1.8 million people. AC had not applied for the role, the Prime Minister had sought approval from HM The Queen and he had taken up the position on 7<sup>th</sup> April 2017 until his 75<sup>th</sup> birthday.

AC noted the concerns raised by members of the public and Councillors with respect to anti-social behaviour in the area and informed of voluntary groups/organisations in other areas which he was trying to get together to share resources to enable more people to be able to access facilities.

AC informed that his role included visiting schools, presenting awards on behalf of the Queen, organisation of Royal Visits, issuing invitations for Garden Parties, attending Remembrance Day services etc.

AC stated that it was both a privilege and honour to serve the County.

202. Exclusion of the Press and Public

There were no items for Exclusion of the Press and Public.

203. Declarations of Interest

Cllrs. J Clarkson and A S Law declared an interest in Item 223 – To Consider Planning Applications and receive the Decisions of the Sheffield Planning and Highways Committee.  
Cllr. A S Law also declared an interest in any Licensing issues.

204. Public Questions and Petitions

The Chairman welcomed local business owners to the meeting who wished to raise their serious concerns at the number of break ins/thefts in the area recently due to the lack of a Police presence.

K Giles-Bowman, Chairman of Stocksbridge & District Chamber of Trade highlighted issues of recent crime in the area, with 5 premises being broken into on Manchester Road and in Fox Valley, noting that Stocksbridge was out on a limb with no support from the Police.

KG-B stated that there was a wish to work together with the Town Council to improve anti-social behaviour which had escalated from youths gathering and drinking to drug use.

There had been an increase in house burglaries last year and the 101 reporting system was not working adequately so people were not reporting crime and the statistics were therefore not accurate. Stocksbridge was so far out of Sheffield that it was seen as an easy target which does not have enough of a Police presence. If people could speak face to face with the Police /PCSO's reporting of crimes would improve.

Stuart Warne, Chief Inspector for Neighbourhoods and Partners across the City, had been invited by SDCT to address the meeting to see if we could work together to improve the situation.

SW stated that the issues were familiar and were City wide. The Police would shortly be introducing a new level of service for local Policing and in addition to 101 there will be neighbourhood contact numbers for PCSO's in an effort to improve standards City wide.

Fox Valley may benefit from speaking to Police from Meadowhall to ascertain if the retail model used could work in this area.

Cllr. ASL noted that Stocksbridge was in a unique position with access to the bypass and subsequently the M1 making it an easy target.

AP noted that thieves were coming from all around the area including Manchester, Leeds, Barnsley, Huddersfield and travellers were also an issue.

Cllr. JAG stated that the PCSO's do a good job but noted that people were reporting crimes on facebook rather than to the Police. There was a requirement for reassurance in the Town, the Police used to attend the Community Forum meetings but have not been for a while. Cllr. JAG enquired whether there were still any Crime Prevention Officers who could advise local businesses and noted that PCSO's used to undertake local drop-in sessions at the Town Hall.

SW advised that the Police were now recruiting new Officers and Stocksbridge would be an ideal location for a tutor to bring a new starter as the area offered a variety of challenges.

KG-B informed that crimes were up 100% on the same period last year and that she had been given some leaflets for distribution which detailed the correct numbers to ring for reporting different situations. The Clerk undertook to obtain some leaflets for the Town Council to publicise on the facebook/website pages.

Cllr. JC welcomed the new contact numbers and direct line reporting system but noted the lack of youth provision in the area with only two hours available per week at the local Youth Centre.

Stocksbridge Community Leisure Centre provided what it could and the Town Council supported many local sporting groups e.g. cricket, football, rugby. There was a lack of Police patrols in the area and Fox Valley was drawing in a different class of people and needed to improve security.

Cllr. ASL asked if the Neighbourhood Watch scheme was still in existence and if information could be provided from the Police if it was.

Cllr. JAG noted that problems had been experienced when the lamp posts had been replaced and signage removed and not replaced i.e. Lilac Avenue.

Cllr. KD reported that Councillors were looking for funding in SCC for a Task Force, possibly of 3 Constables to be deployed in the evening in hotspots anywhere in the City and asked if this could be effective.

SW noted that the Police were interested in exploring all options. At present there were 5 different Task Force teams in Sheffield and any added resource could be put to good use.

Cllr. CW noted that at a staff meeting at the Co-op members had noted that if the Police leave a car in the car park there is no crime in the area and if this idea could be utilised.

Cllr. JAG suggested that if the Police were recruiting it may be useful to have information/publicity on joining the Specials/Cadets.

Concerns were raised that with the forthcoming closure of the Bitholmes whilst the sewage works were relocated there would be a further increase in crimes as the Police would not be able to get through.

The Chairman noted that all emergency vehicles would have access through the roadway. It was suggested that perhaps this may be an opportunity to seek funding from the utilities companies to fund local additional Policing whilst the works were being undertaken.

AP noted that Fox Valley attracts 80,000 visitors per month to the area and felt that this should be a consideration for increasing Police presence.

It was noted that people feel more vulnerable/unnerved following the recent terrorism threat in the area.

SW undertook to increase the Police presence where possible.

The Chairman thanked members from SDCT and Fox Valley and Chief Inspector S Warne for attending the meeting.

205. To Receive Remarks from the Minutes of the Town Council meeting held on 11<sup>th</sup> January 2018

With reference to item 179 – Residential Development at Station Road, Deepcar. The Clerk reported that she had received correspondence from S Wright, SCC informing that the official signed diversion route for all traffic would be Vaughton Hill, Stocksbridge Bypass, A61, Leppings Lane, Catch Bar Lane, Middlewood Road, Middlewood Road North, Langsett Road South, Langsett Road North, Main Road. However, buses propose to use Oughtibridge Lane (Jawbone) to link Oughtibridge and Deepcar via Grenoside. This means that Wharncliffe Side will not be served by the Middlewood – Stocksbridge bus. SYPTE are therefore costing details for providing both a regular bus to link Wharncliffe Side with Oughtibridge and the extra buses required to maintain the frequency of Middlewood – Stocksbridge buses given the extra time it takes to drive the Jawbone diversion. This is a cost which will need to be picked up by Yorkshire Water and/or Bloor Homes. At present no final decision has been taken by the Traffic Manager and the Town Council will be kept informed. Copies of this correspondence had been previously circulated to members’.

The Clerk reported that she had also received correspondence from Jason Woolliscroft advising that he was unfortunately not able to attend the 8<sup>th</sup> February Town Council but noting that he would be happy to provide an update on the scheme once formal responses had been received from SCC which would enable them to fully programme the works and estimate a start on site date. To this end The Venue has been booked for Monday, 26<sup>th</sup> February between 3-7pm. The meeting will be widely advertised and all Yorkshire Water customers in Stocksbridge, Wharncliffe Side and Oughtibridge informed via mail. Copies of this correspondence had been previously circulated to members'.

With reference to item 180, paragraph three – Parking on Manchester Road. The Clerk reported that she had received correspondence from A Plumtree, Dransfield Properties advising of steps being taken to monitor the parking issues raised with respect to members of staff parking on Manchester Road outside residential properties instead of utilising the staff parking facility available at Fox Valley.

Cllr. CW reported that all shops at Fox Valley had received an email requesting that staff do not park on Manchester Road and monitoring of the issue appeared to have resolved the matter for the present time.

Cllr. JAG suggested that perhaps residents affected could be provided with a notice from Fox Valley to put on car windscreens if the problem reoccurred. The Clerk undertook to raise this with A Plumtree.
