3. Declarations of Interest
There were no Declarations of Interest.
4. Clock Tower
The Clerk reported that she had received correspondence from Kim Grand, SCC with regard to the clock chimes noting that the electrician had attended site to look but would need to return to further investigate power to the clock. The electrician is confident he can restore the power to the soldier feature but does not think it will be possible to install up lighters at each corner but is looking further into this request. There may be a possibility of lighting up the windows but he will investigate further.
With respect to the request for the clock tower to be sandblasted and the plaques cleaned KG has contacted a colleague responsible for War Memorials to ascertain if this will be possible.
KG has undertaken to keep the Town Council informed of progress.
The Clerk informed that correspondence had been received from the FM Delivery Service Team advising that they are considering the requests but are not sure if they will have sufficient budget to cover all the requests and may have to 'cherry pick' from the list.

There being no further business the meeting closed.
